Administration

Faculty and Staff

TO THE SENIORS OF FORT KNOX HIGH SCHOOL:

As you graduate from Fort Knox High School, an important step in your educational career has been attained.

There is an old proverb which says, "A journey of a thousand miles begins with a single step." You have taken that step. Now is the time to quicken your pace and look eagerly to the future, for you live in an auspicious time. The tide of opportunity is high and you can, if you will, ride its crest in these exciting days. In business, in the sciences, in the military, and in all human relations, there are needs, open doors, things to be done. Education is truly the key that successfully unlocks a future brimming with challenges and opportunities.

You will never graduate from the School of Experience, but I cannot over-emphasize the importance of obtaining all of the formalized knowledge possible. I ask you then to think seriously of going on to an institution of higher learning, for as our civilization becomes more complex and more dependent upon specialists the days of the "self-made man" and the "rags to riches" hero move farther into the past.

As you go forward with a new sense of responsibility and the determination to succeed in your chosen field, my sincere congratulations and best wishes go with you.

The Class of 1964 will remain in my memories because of the spirit of cooperation as well as size — the largest Fort Knox has had. Such a fine spirit will, I am sure, engender just rewards throughout life.
